EXPERIENCE

ACI Limited — Dhaka Senior Mobile Apps Developer - Lead architectural and design decisions for Flutter projects across the mobile portfolio. - Develop and maintain efficient, reusable, and reliable Flutter code. - Optimize applications for maximum speed, scalability, and efficiency. - Maintain and update apps post-deployment, resolving issues as they arise. - Mentor junior and mid-level developers and lead code reviews. - Publish and maintain apps across the Play Store, App Store, and ACI Store.	May 2024 - Present
TechnoNext (US-Bangla Group) — Dhaka Software Engineer - Led end-to-end development of Flutter applications, overseeing design and deployment. - Built B2B, B2C, OTA, and e-commerce mobile applications. - Implemented advanced state management solutions. - Optimized code for performance, ensuring smooth and efficient user experiences. - Reviewed code from intern and junior developers to maintain quality. - Published and maintained apps on the Play Store and App Store.	Oct 2022 - May 2024
Ezze Technology — Cox's Bazar Lead Trainer, Mobile Application (Flutter) - Trained students through the ICT Division's project module on Flutter development. - Spearheaded Flutter app design and development for optimal performance and UX. - Built reusable code and libraries and maintained technical design documents in Dart. - Conducted regular code reviews to uphold coding standards and best practices.	Sep 2021 - Jan 2022
Bahari IT — Dhaka IT Support - Provided technical support and software consultancy to clients. - Resolved technical issues and performed IT tasks assigned by management. - Maintained system knowledge to recommend suitable technical products for users. - Assisted in mass deployment of IT services and applications to end-user devices.	Sep 2020 - Aug 2021
Olivine Ltd. — Dhaka Android Developer Trainee - Contributed to two government projects (Charity and Prottoyon). - Implemented new features alongside designers and senior developers. - Identified and fixed bugs to improve app stability. - Managed code with Git for efficient version control and collaboration.	Nov 2019 - May 2020

NOTABLE PROJECTS

FirstTrip Architected a cross-platform travel app for domestic and international flights, hotel reservations, holiday packages, and visa processing, with secure in-app payments. Android · iOS	Cartup Delivered an e-commerce platform with categorized product catalogs, cart and secure checkout, order management, real-time order tracking, and advanced search filters. Android · iOS
--	--

- MedEx**
Engineered a medicine-reference platform with Bangladesh's largest drug index — indications, dosage, and pharmacology — plus smart search and bilingual content.
Android · iOS
 - Prottoyon**
Contributed to a government certification app that digitizes and verifies council and district office certificates such as charity, birth, and marriage.
Android
- YSpark**
Designed a rider companion app for ACI Motors with digital warranty management, online service bookings, dealer locators, ride history, and community engagement.
Android · iOS
 - ACI EcoLink**
Launched the official ACI Renewable Energy app for EcoFlow and GoodWe products, with warranty activation, service requests, and built-in troubleshooting.
Android · iOS

OPEN SOURCE CONTRIBUTIONS

- DropdownFlutter** — Customizable Flutter dropdowns with search, multi-select & form validation
pub.dev/packages/dropdown_flutter
- Any Image View** — Flutter image viewer for PNG, JPG, WebP, GIF, SVG, Lottie & network images
pub.dev/packages/any_image_view
- RiverFlow CLI** — Flutter scaffolding CLI for Riverpod, Clean Architecture, Freezed & Go Router
pub.dev/packages/riverflow_cli

EDUCATION

M.Sc. in Computer Science & Engineering Jahangirnagar University, Dhaka 2024 · CGPA 3.78	B.Sc. in Computer Science & Engineering Daffodil Institute of IT (DIIT), Dhaka 2020 · CGPA 3.27
---	--
